### **Agenda Item 3 – Report from the Audit Committee and Presentation of the Workforce Development Board Annual Fiscal Audit**

Hemming began with the highlights of the audit—Wipfli issued an unmodified opinion in regards to the financial statements and Notes to Financial Statements, the Report on Compliance and Internal Control, and the Report on Compliance for Major Programs. There were no deficiencies and no instances of non-compliance to report. Financial Year 2021 audit tested the WIOA cluster which constitutes 65% of federal dollars received.

Hemming reminded the Committee the WIOA clusters tested are the Adult, Dislocated Worker, and Youth programs. Programs are distinguished as either Type A or Type B. The threshold for distinguishing Type A programs consists of grants issued over \$750,000 and requires testing every three years. The WDBSCW does not have any Type B programs. Seventy-eight percent of federal dollars received were audited as a major program. The WDBSCW was determined to be a low risk auditee. Kearney inquired on the threshold limits.

Hemming noted low risk auditee covers 20% of total expenditures (federal and state). If not low risk, it covers 40%. The 65% tested was more than acceptable.

Hemming summarized the audit was performed following Generally Accepted Audit Standards, Government Auditing Standards, and Uniform Guidance. WDBSCW does not have any significant estimates and disclosures are neutral, consistent, and clear. Business conditions disclosure related to COVID-19 Crisis describe the fact that COVID-19 may impact various parts of WDBSCW's 2021-2022 operations and financial results. There were no difficulties encountered with the audit, no corrected and uncorrected misstatements, no disagreements with management, no consultations with other accountants, and no internal control related matters.

Hemming presented on the Statement of Financial Position, Statements of Activities, and Statements of Cash Flows highlighting three year' worth of activity. Amounts remain consistent with about a 5% increase in expenditures and no depreciation.

Hemming outlined operating statistics and comparisons with six other Workforce Development Boards within Wisconsin. WDBSCW revenue and expenses are up 5.7% from last year. Program expenses are at 93.3% which is comparable to the other six boards audited, averaging at 90.98%. WDBSCW operates eight (8) federal programs with WIOA expenditures totaling \$3.6 million and is 54% of total expenses. Current year change in Net Assets Without Donor Restrictions amounts to \$8,150.

Hemming finished with Upcoming Accounting Standards which include:

- ASU No. 2016-02, Leases – Leases with a term greater than 12 months will require recognition with a Right-of-Use Asset and Liability. This will affect the Baraboo/Sauk County lease as well as the main WDBSCW leases. Calculation and journal entry requirements going into the new fiscal year, which will be effective for WDBSCW's 6/30/2023 audit (if material).

Hemming opened the conversation up for any questions from the committee. No questions were raised.

Kearney and Cataldo recognized Tyne for her outstanding performance with no instances of non-compliance.
